21st January 2022

## Student success

Finley Squires in Year 10 recently competed in a 4.2 km cross country competition in Westward Ho in which he successfully finished in eleventh place. Finley has been running for around seven years now but started training properly at the start of the pandemic because he had more time to dedicate to the sport. The recent event in Westward Ho was his first official cross country competition, so we are really proud of what Finley has achieved in a short period of time. Well done Finley!

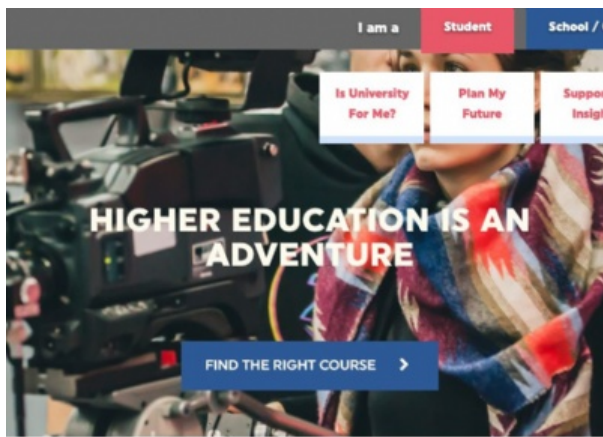

17 JAN 2022

### Dissection Club

Last term, students in Year 11 enjoyed dissecting a cow's eye and kidney in the college dissection club.

### PE kit

We are always looking to maximise the amount of PE lesson time for students but this can be impacted by not having the correct kit. To avoid this, please see our expectations of students in regards to PE below. Students who do not follow these expectations will receive an on the day detention. Any excused students please email [fhaley@scottcollege.co.uk](mailto:fhaley@scottcollege.co.uk) or [sbroomfield@scottcollege.co.uk](mailto:sbroomfield@scottcollege.co.uk)

1. Everybody brings in a Scott College PE kit – even if you are not taking part. If excused from taking part, the parent/guardian must email. (Notes will not be accepted).
2. Everybody must be changed within five minutes of the start of the lesson and ready to be registered.
3. Students must wear the correct footwear (trainers).
4. Any valuables should be handed in to the class teacher or leave in the changing room at your own responsibility.

### Extracurricular activities and clubs

Please see below for this term's after school clubs:

	Monday	Tuesday	Wednesday	Thursday	Friday
Option 1 3:45 - 4.45pm	<b>Netball</b> Sports Hall Stoke/Outdoor courts	<b>Football</b> Astro/Field Stoke	<b>Fixtures</b>	<b>Tri/Swimming</b> Life Centre (£1 contribution per session/sign up sheet)	<b>6th Form Sport Science</b> Gym FF01

## WEEK 3

## Careers events

At the beginning of this half term, we were visited by NCS (National Citizen Service) who ran one of their Skills Booster Assemblies with our Year 12 students. The session focused on careers and progression. It was a very interactive session involving the students by encouraging them to give opinions on statements and then explain their reasons why. It really got the students to think about choices and how they can choose a particular path but that it's okay if that path changes. The NCS are visiting the college again on the following dates:

- **16th February** - Health and Wellbeing
- **2nd March** - Independent Living Skills with possibly more bespoke sessions for our students.

## Medical Masterclasses

Medical Masterclasses are run by professionals within a particular medical field. These professionals are invited to talk to our students about their role, how they got into their profession, what the entry requirements are and what to expect day to day.

We have a wide variety of speakers coming in to talk to our sixth form students and many will be from our partner, the University of Plymouth.

- **26th January** - Dietetics Medical Masterclass - University of Plymouth
  - **2nd February** - Occupational Therapy Medical Masterclass - University of Plymouth
  - **9th February** - Physiotherapy Medical Masterclass - University of Plymouth
-
