

## Weekly news 01/10/21

### Falmouth Triathlon

One of our Sports Science teachers and Head of Year 10, Mr Broomfield took on the challenge of the Falmouth Sprint Triathlon last week, alongside students of Scott College.

Mr Broomfield kicked off the day coming 2nd place out of 175 participants. He had to swim 600m, followed by a 12 mile cycle and finished with a 3.1 mile run.

Two of our sixth formers performed amazingly - Charley taking 1st place and Emma taking 2nd place for the female under 16's category. Finally, three Key Stage 4 students took part in their first ever triathlon and performed very well.

Mr Broomfield said "It's great to see the students pushing themselves physically and mentally. Throughout the race they faced challenges but students battled on. To see them showing huge resilience and keep going was really inspiring."

### Year 9 Open Event 2021

This week, Scott College hosted the first open event of the academic year. We couldn't have been more proud of our KS4 students who gave heartfelt speeches about their experiences. We must also mention our fantastic team of sixth form volunteers who led tours around the college.

Our next open event for entry into sixth form will take place on **Wednesday 20th October**.

Ms N Leech  
Headteacher

Mrs L Edmundson  
Head of Logistics

### Homework timetable

Our Key Stage 4 homework timetable is being shared with students next week. [Link to timetable](#).
